

3. Our New Kissing Gates

Glos. Rights Of way has provided our new kissing gates. Stroud Valleys Project erected them. They are greatly appreciated.

1. Walk along Bath Road, cross over the water into Leonard Stanley, to find a KG on the left.
2. Cross the field away from the stream to a stile into Dozule Close and left into Marsh Lane.
3. Follow Marsh Lane past a KG right and a house left to a stream. Turn left for a footpath across a field and back into King's Stanley. Turn left into Woodside Lane.
4. Pass a stile between houses on the left and turn right by Rose Terrace into Ash Lane.
5. Follow this lane for about 300 yards, past a huge badgers' sett and stables.
6. Near the end of the lane turn left through a new KG.
7. After 20 yards turn left at another KG.
8. Go through this KG and on to the next KG across a horse pasture.
9. Turn left across a field for the last KG into Borough Close.
10. At Borough Close turn left to rejoin Castle Street, then right for Bath Road.

Distance approx. 2 miles, time 1 hour, terrain easy and level
